

ENERGIZING COLORADO TO DRIVE THE ECONOMIC RECOVERY

Energize Colorado is a nonprofit organization, designed to help Colorado's entrepreneurs, small businesses, and nonprofits recover and rise from the impacts of the COVID-19 pandemic. Led by inspired innovators and powered by seasoned volunteers from Colorado's private, public, nonprofit, and academic communities, Energize Colorado provides free tools, resources, and programs to revive and invigorate our economy.

Energize Colorado was founded to focus on activities and initiatives that mitigate the immediate financial impact on businesses to help stabilize Colorado's economy. As a next step, Energize Colorado is offering tools and resources to enable entrepreneurs and small businesses to rebuild, innovate, and grow to prosper in the next normal of our economy.

OUR INITIATIVES

- **Mentorship:** Connect small businesses looking for advice with those who have been through it before, and have come out on the other side
- **Gap Fund:** Provide small loans to small businesses and nonprofit organizations who could not qualify or did not receive PPP funding or other federal stimulus funds
- **Mental Health:** Share existing, relevant content and create webinars as well as match patients and groups with therapists for free or at reduced cost sessions
- **Reopening Colorado:** Provide PPE and business templates that offer best practices, direction, and information on how businesses can restart operations safely and effectively

HOW ARE WE DOING IT?

Energize Colorado is building an inclusive and diverse community on the foundation that collaboration is key to impact. We scale the best ideas and develop new ones where they are needed. Our centerpiece is [EnergizeColorado.com](https://energizecolorado.com), a community hub filled with resources, information, and opportunities to collaborate, ask for, and offer help. Working together, we'll harness and share knowledge, mobilize partnerships, and create new solutions where they're needed, including advocating for structural changes necessary for long-term vibrancy.

WHY ENERGIZE COLORADO?

Coloradans are resilient and innovative, but that doesn't mean we have to go it alone. From gig workers to organizations with up to 500 employees, Energize Colorado is here to help. We provide a platform for Coloradans to help Coloradans and lead our diverse business community through the next normal. Independent and non-partisan, we leverage partnerships with other organizations and creatively fill identified gaps to help Colorado's economy again reach its potential.
