

Get a \$5,000 Subsidy When You Hire!

WHEN YOU ADD A JOB, WE CAN HELP

When it comes to hiring new employees, you have a unique opportunity to save money while providing career growth opportunities to individuals needing a boost. We help qualified businesses tap into training subsidies in exchange for providing new employees with needed training and career experience.

No matter the size of your business, you may be eligible for a training subsidy—a great way for you to save time and money on recruitment.

We offer a 50% reimbursement of wages up to \$5,000 to employers who hire qualified workers to train in new career opportunities. New employees gain valuable work experience, increase their skills, and secure long-term employment.

WHAT YOU CAN QUALIFY FOR:

- 50% of paid wages reimbursed, up to \$5,000
- Pre-screened candidates that closely meet the requirements of your available position
- You make the final hiring decision on every pre-screened applicant

WHAT WE ARE LOOKING FOR:

- You create a new, full-time position to work at least 32 hours per week
- Your firm has been operating in Colorado for at least 120 days
- Your firm is current on workers compensation and unemployment insurance payments
- You agree to help increase the skill set and growth opportunities of your new employee
- The new position earns wages at the appropriate current industry standard
- You agree to retain the employee following the placement/training period, provided that the employee successfully completes the training and maintains your firm's other employment requirements

Let's get started today!
